Pelzer Golf Supplies have been in business for over 40 years. We take pride in our customer service and we are here to dedicate our service to wholesale golf accounts across the country. We specialize in carrying items that move quickly, such as tees, pencils, cleats, grips, and other accessories that pro shops and golf-related businesses are in constant need of.

In addition, we have a full line of tournament tee gifts to provide for your club and corporate events. In the near future, you will see the tournament tee gifts online.

AD A FLAG

BY FLAG ASSIST

The Ultimate
On-Course
Advertising &
Communication
System

INTRODUCTION TO AD A FLAG

AD A FLAG is a new, patented, legal device and service that will fundamentally alter the way tournaments and communications are conducted on the golf course. Ad A Flag will generate revenue for your facility like never before.

Ad A Flag "Tournament" Program

The Tournament Program is a great way to earn your facility extra revenue and make events easier for your staff. All you have to do is ban outside signage and send your clients to us. It's that easy...

"Ad A Flag Course Tournament Kit" includes (for every hole): Flag Holders with Laser Assist Prism, Flag Assist Receiver Cups with Pelzer Golf Tabs (Customization Available) w/Wrench!

Purchase one "Ad A Flag Course Tournament Kit" receive a course NET of 30% of each client tournament order.

Ad A Flag "On Course Advertising" Program

The On Course Advertising Program is great way to help fund special programs and/or create revenue for your facility. Local business advertisements will be seen and touched on your greens by every golfer! That is an average of 1400 individual opportunities every week!

"Ad A Flag On Course Advertising Kit" includes (for every hole): Custom Flags (Red, White, Blue), Flag Holders with Laser Assist Prism, Flag Assist Receiver Cups w/Custom Tabs & Wrench, "Father of Golf" Message Board and Custom Appreciation Sign! Receive a course NET of 20% for every advertisement your client orders.

Ad A Flag "On Course Message" Program

The On Course Message Program is great way to communicate with your membership. Inform your members of special events, tournament sign up dates, golf lesson programs, etc! Help alleviate pressure on your staff and order today!

"Ad A Flag On Course Message Kit" includes: Custom Flags, Flag Holders with Laser Assist Prism, Flag Assist Receiver Cups w/Pelzer Golf Tabs (customization available) & Wrench

Don't see an Ad A Flag Program that suites your needs? Contact us today & we will design a program that works for you!

INTRODUCTION TO FLAG ASSIST

WHY were the rules of golf changed in 2019 regarding the flagstick? The short answer... speed of play. FLAG ASSIST is a new legal patented device attached to the flagstick designed to speed up play. Flag Assist also helps prevent damage to the turf surrounding the cup and the cup itself. In addition, Flag Assist can be customized to support any event at your facility.

BALL MARKERS & HAT CLIPS

Mark A Ball introduced the first plastic beveled edge marker in Portland, OR in 1958. Co founders Charlie Sullivan and PGA Head Pro Ted Longworth from Waverley CC teamed up together and formed the business over 60 years ago. It has been a favorite for courses from the East to West Coast. Craig Pelzer bought the company from Dan and Kathy Packard in January of 2015. Since then we have expanded the business by adding plastic Quarter Marks. Keep us in mind for last minute ideas for tournaments or your club logo. Turnaround time is under a week for most orders.

ZEROFIT BASELAYER CLOTHING

ZEROFIT HEATRUB ULTIMATE BASELAYER

FIVE TIMES WARMER THAN A STANDARD MODEL

Independently tested at the iconic Boken Institute in Osaka, the Ultimate has proven to be five times warmer than leading competitors, so whether your passion is fishing, walking, hiking, farming, sailing, gardening, bowling, bird watching, snowboarding, skiing, photography, motorcycling, golf or equestrian sports – the Ultimate has got you covered, even in the coldest of conditions. It's also the perfect baselayer to wear when watching your favorite sport or team in an icy cold stadium.

Testing at the Institute resulted in a heat retention rating of 0.78; a standard baselayer would have a rating of 0.1-0.14, while a sweater would typically have a rating of around 0.3.

Extra-long 'Heat Threads' on the inside of the garment (you can actually see them) gently rub against your skin as you move. This creates frictional heat which means that instant warmth is retained, and the Ultimate has been designed to work in a temperature range of 14° - 50° Fahrenheit.

ULTIMATE LEGGINGS

These are manufactured using the same patented knit process and material as the Ultimate baselayer and perform in the same way - a popular addition for many outdoor enthusiasts who want to be warm from top to bottom.

ZEROFIT HEATRUB MOVE BASELAYER

TWICE AS WARM AS A STANDARD MODEL

The Heatrub Move has been independently tested and proven to be twice as warm as a standard baselayer, performing best for athletes competing in activities including cycling, running, soccer and rugby.

The Move features a 45% polypropylene construction on the inside of the baselayer as well as a hollow polyester shell that work in tandem to ensure athletes will never experience the unpleasant feeling of cold sweat on the body after exercise has ended. More heat is retained for longer, and the innovative insulating properties, combined with its hydrophobic nature, keeps the athlete dry and warm, while the stretchable fabric allows freedom of movement. The Move also offers temperature regulation, so as athletes work harder for longer, they don't overheat in the conditions. The product has been innovated with a temperature range of 23° - 54° Fahrenheit in mind.

Twice as warm as a standard product

Perfect for higher intensity sports

NEW PRODUCT

Hollow polyester design and 'LABO' fabric ensures no cold sweat

Move free due to stretchable fabric

MOVE BASELAYER COLOR OPTIONS

1. ZeroFit Heatrub Move - White
 2. ZeroFit Heatrub Move - Titanium
 3. ZeroFit Heatrub Move - Black
- www.zerofitusa.com

HEATRUB PERFORMANCE MOVE HOODIE

The Move Hoodie (available in black only) is made from the same material as the baselayer, and is perfect for athletes before and after training, and ideal for spectator sports during the cold months, as well as gardening, golf, sailing or racing around the park with your kids on the weekend.

PUTTING TRAINING AIDS

TRAINING AIDS

SWINGYDE
All-in-all Swingyde is one of the bedrocks of the training aids market. Its simple design and practical application have made it one of the best selling training aids of all time and one of the most regularly used items in the teaching community.

IMPACT BAG

The Impact Bag is safe and has been designed specifically for golfers. Developing a strong left side while turning into the ball will help eliminate many of the inconsistencies brought on by left wrist collapse and will help bring you into a solid, assertive impact.

LINE M UP

Enhance your ability to putt the greens with multiple marking options. Perfect visual guide for your putting game. Sharpie included.

PUTTING ALIGNMENT MIRROR

The Putting Alignment Mirror is very portable so it will store in your bag when not in use. An instant diagnostic tool for your putting stroke. Make a good stroke and the center line will roll straight and true. Use the red impact ball line to bring your focus to hitting the back of the ball squarely.

TOUR STICKS

IMPROVE YOUR GOLF SWING
WITH THE #1 TRAINING AID
USED BY TOUR PROS

Get golf swing help with Tour Sticks, a pair of innovative fiberglass rods that golfers use as a portable, multifunctional training tool to reinforce fundamentals of the golf swing. Due to the versatility of this golf swing product, the alignment sticks are suitable for golfers of all levels and ages.

Tour Sticks are a great teaching aid for coaches and make a perfect gift for that golf-obsessed fan in your life.

- Two smooth fiberglass rods measuring 5/16" x 46"
- Rubber cap on one end; pointed on the other end to easily stick into the ground
- Instructional flyer with multiple drills
- Portable and lightweight holding tube included
- UV-coated to prevent fading
- Blue, Green, Red, White, Yellow and Orange
- Custom logos available

MADEWELL ORIGINAL BAG SHAGS

ORIGINAL BAG SHAG WITH CUSTOM LOGO

Customize your Original Bag Shag with a logo. Just pick the fabric color of your choice. MINIMUM ORDER QUANTITY IS 6.

BAG SHAG RANGER

The BAG SHAG RANGER is a hand held golf ball retriever designed to hold 100 golf balls. Its open top design eliminates the need for a zipper so the balls empty through the top. It features a strong UV resistant cordura bag. BLACK, RED AND GREEN IN STOCK.

ORIGINAL BAG SHAG

This is a hand held, golf ball retrieving device used to improve practice time. It also reduces back strain associated with repetitive bending to pick up golf balls. It holds 75 golf balls and we will guarantee it from defects for 10 years!

REPLACEMENT SPRING CLIPS FOR THE ORIGINAL BAG SHAG
Bag of 3 spring clips

ORIGINAL BAG SHAG REPLACEMENT BAG
Replacement bag for the ORIGINAL BAG SHAG golf ball retriever. Repair instructions can be found at: bagshag.com/bagrepair.pdf

BALSHAG TUBE

The BALSHAG Tube stands 38" high and holds 23 balls. It is the only tube of its kind made from aluminum. It works great on the driving range to pick up balls in the mud, tall grass or any hard-to-reach place.

GRIPPING STATION
Save valuable time and improve consistency of your regrips with this well designed Gripping Station. Built to last under high-volume production, the vise-mounted gripping station is compact and easy to use. The alignment bar indexes the leading edge of both right- and left-handed woods and irons, ensuring proper alignment. The quick clamp secures any diameter golf shaft and is safe to use with both graphite and steel shafts. The vise mounted gripping station comes complete with a solvent recovery pan and two tape dispensers - one for each of the double-sided tape and build-up tape. (Vise not included)

Super Stroke
DON'T OVERTHINK IT
JUST SINK IT

ZENERGY

Introducing Zenergy, our newest line of putter grips featuring enhanced Spyne technology, new multi-zone texturing, and our patented no-taper shape for unmatched confidence to quiet your hands - and your mind.

The SuperStroke NFL team club grips are created with our most advanced swing grip technologies. It starts with Traxion Control, our new surface texture that improves feedback and tackiness from the incredibly soft polyurethane outer layer. Underneath we added Torsional Performance, which employs a firm rubber core to add high performance stability and control. The SuperStroke NFL team club grips also feature Taper Control Technology, which boosts the size of the lower hand area to help golfers reduce tension and improve clubhead speed. So go ahead and show your team colors on the course... It's game time!

The New Decade® MultiCompound MCC Plus4™ is a tour-proven, hybrid grip that features a larger lower hand and new softer rubber material. With a 4.6% larger lower hand diameter than the Original MCC, the Plus4 encourages lighter grip pressure, reduced tension, and increased power. The lower hand features a soft, responsive rubber compound ideal for enhanced feel. The upper hand material is a soft compound with Brushed Cotton Cord and new, strategically placed Micro-Plus4-LogoTexture for downswing stability. The larger lower hand, new softer material and all-weather control deliver new performance options to the #1 Hybrid Grip on Tour.

From the #1 Grip on Tour® comes the Z-Grip® Cord, the firmest cord grip available from Golf Pride®. Combining two layers of texturing for feedback and control, the Z-Grip features a deep "Z" shaped texture pattern that winds vertically around the grip for control, while a heavy cord texture throughout provides moisture management. This design pattern is complemented with a white end cap and distinctive white body paint fill. Now available in Midsize.

Combining high-performance technology with a soft, tacky feel, the innovative new CP2 Pro® and CP2 Wrap® delivers comfort and control for superior performance. Featuring Golf Pride's exclusive Control Core™ technology, a 2.5" inner core stabilizer is specifically engineered to reduce torque. A reduced taper design allows for even grip pressure in each hand, and a soft, high-traction surface provides comfort in every swing. With the CP2, control fits in the palm of your hand. Available in Standard, Midsize and Jumbo.
